

CLASS DOJO

Behavior management made easy

ClassDojo is a tool that helps teachers boost classroom engagement and improve student behavior quickly and easily, with just one click! It also lets teachers communicate behavior data with parents and students. Best of all, it's completely free!

Behavior management finally made positive

- Award feedback points for specific behaviors, learning habits, and accomplishments in class
- Everything is logged in realtime - with just one click

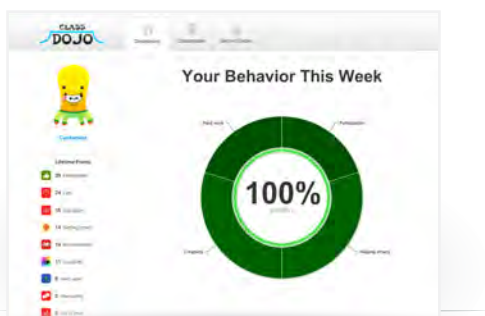

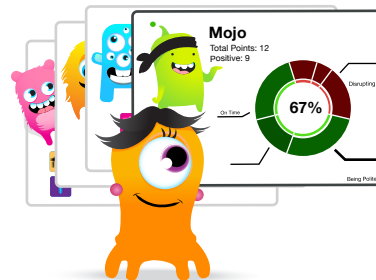

See engagement in minutes

- All of the avatars, behaviors, virtual badges, and other engaging visuals are pre-loaded for you so you can hit the ground running
- Everything else is also instantly and easily customizable for your classroom!

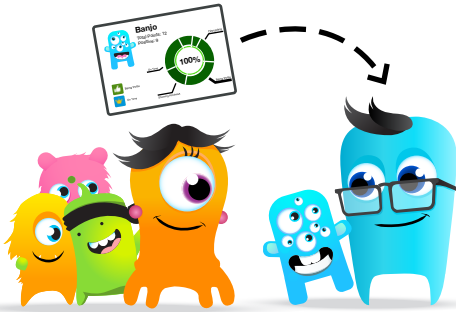

Get beautiful, hassle-free behavior reports - with no data entry

- Track behavior and skill trends - with just one click! No after-school data entry, and without diverting attention from your class
- Gain valuable insights that might otherwise go unnoticed

Let students track their own progress

- Let students reflect on their in-class performance with their own accounts
- Build positive learning habits that last a lifetime

Send reports to parents with one click

- Share student progress with parents regularly
- Get parents informed and on your side quickly and easily

Track points with your smartphone, tablet, or iPod Touch

- Award points on the go, wherever you are: in a class, at home, on a field trip or anywhere else!
- No more lugging clipboards around, taking time or being tied to your computer

Join a community of teachers like you

- Thousands of educators like you use ClassDojo every day. They're all there to help! Discover how they use ClassDojo to improve their teaching
